BACKGROUND

In January 2020, the Mayor of San Antonio wrote a memo to members of the City Council informing them of his request for CPS Energy to establish a Rate Advisory Committee (RAC). The purpose of the committee would be to review the design of the current and future rate structures and fees, focusing on overall impacts to CPS Energy

WHEREAS, the Board is committed to providing forums for customers and stakeholders to share ideas and observations when important decisions are being made; and

WHEREAS, a way to further this goal of ensuring public participation is to provide treasurers (S) (T) (C) (A) (S) (O).

NOW, THEREFORE, BE IT RESOLVED, that after careful reflection and in light of the

A complete copy of the guide is in Appendix B.

The guidebook offered a comprehensive review of a utility's public participation process. It emphasized that the public has unique knowledge that a utility can use to improve its decision making and the way it provides service. We incorporated concepts from the guidebook about how to effectively inform the public about our rate process and get their feedback on various alternatives that might exist.
